

Create a **COLLAGE** based on your favourite mythical creature from a book OR a film!

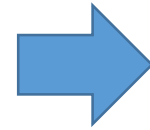

Use items you have at home such as tin foil, pencil shavings, cardboard and string.

Step 1:
Draw your mythical creature out using pencil. Focus on the outline and its **SHAPE**. Working A4/A5 size is recommended.

Step 2:
Carefully source your materials. Start arranging them on top of your drawing. Some pieces may need to be trimmed down using a pair of scissors, so that they fit the shape of your design.

Step 3:
Glue everything into place. Make sure there are no white/boring bits!

Outline the details in your work using a black biro pen. This will help them to stand out.
